

FARSH-STUDIO
Floored Forever

SPIRIT Planks

Range

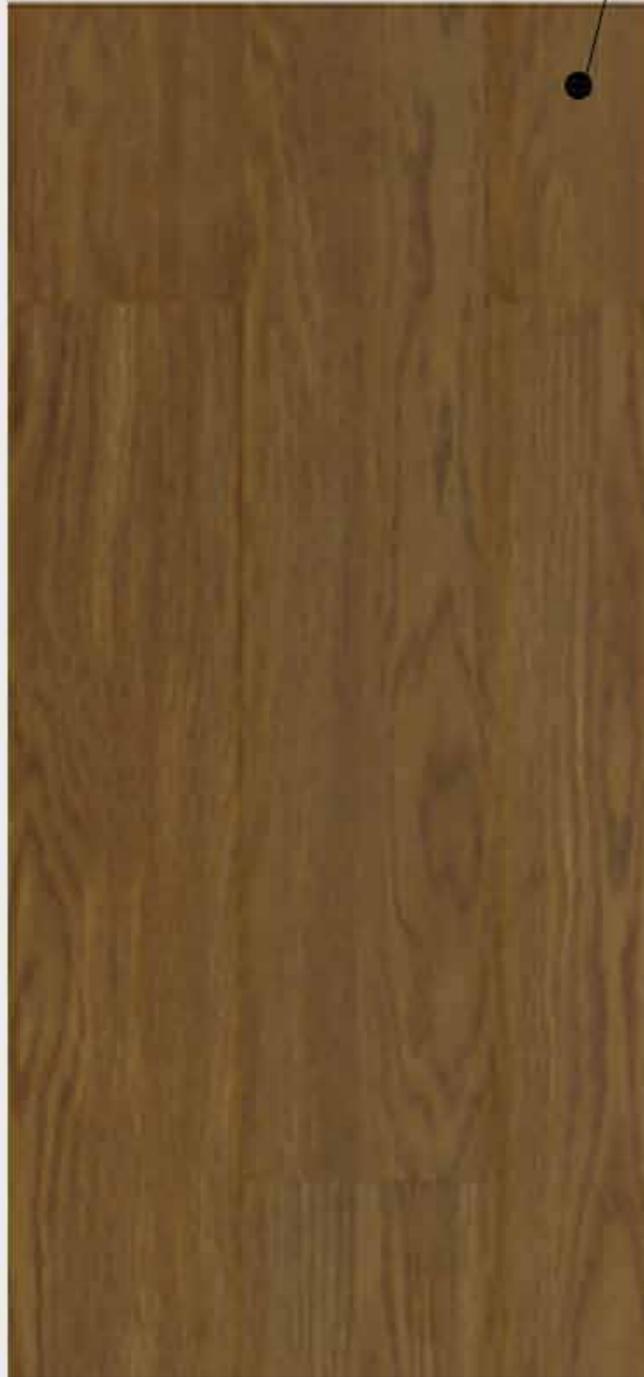

COUNTRY CARAMEL

Plank Size: 1216×170×8 mm

Qty per Box: 22.32

Plank per Box: 10

Specification: Black HDF | AC5 | V-Groove |
EIR Finish | Wax Quoted |
Aqua Protect

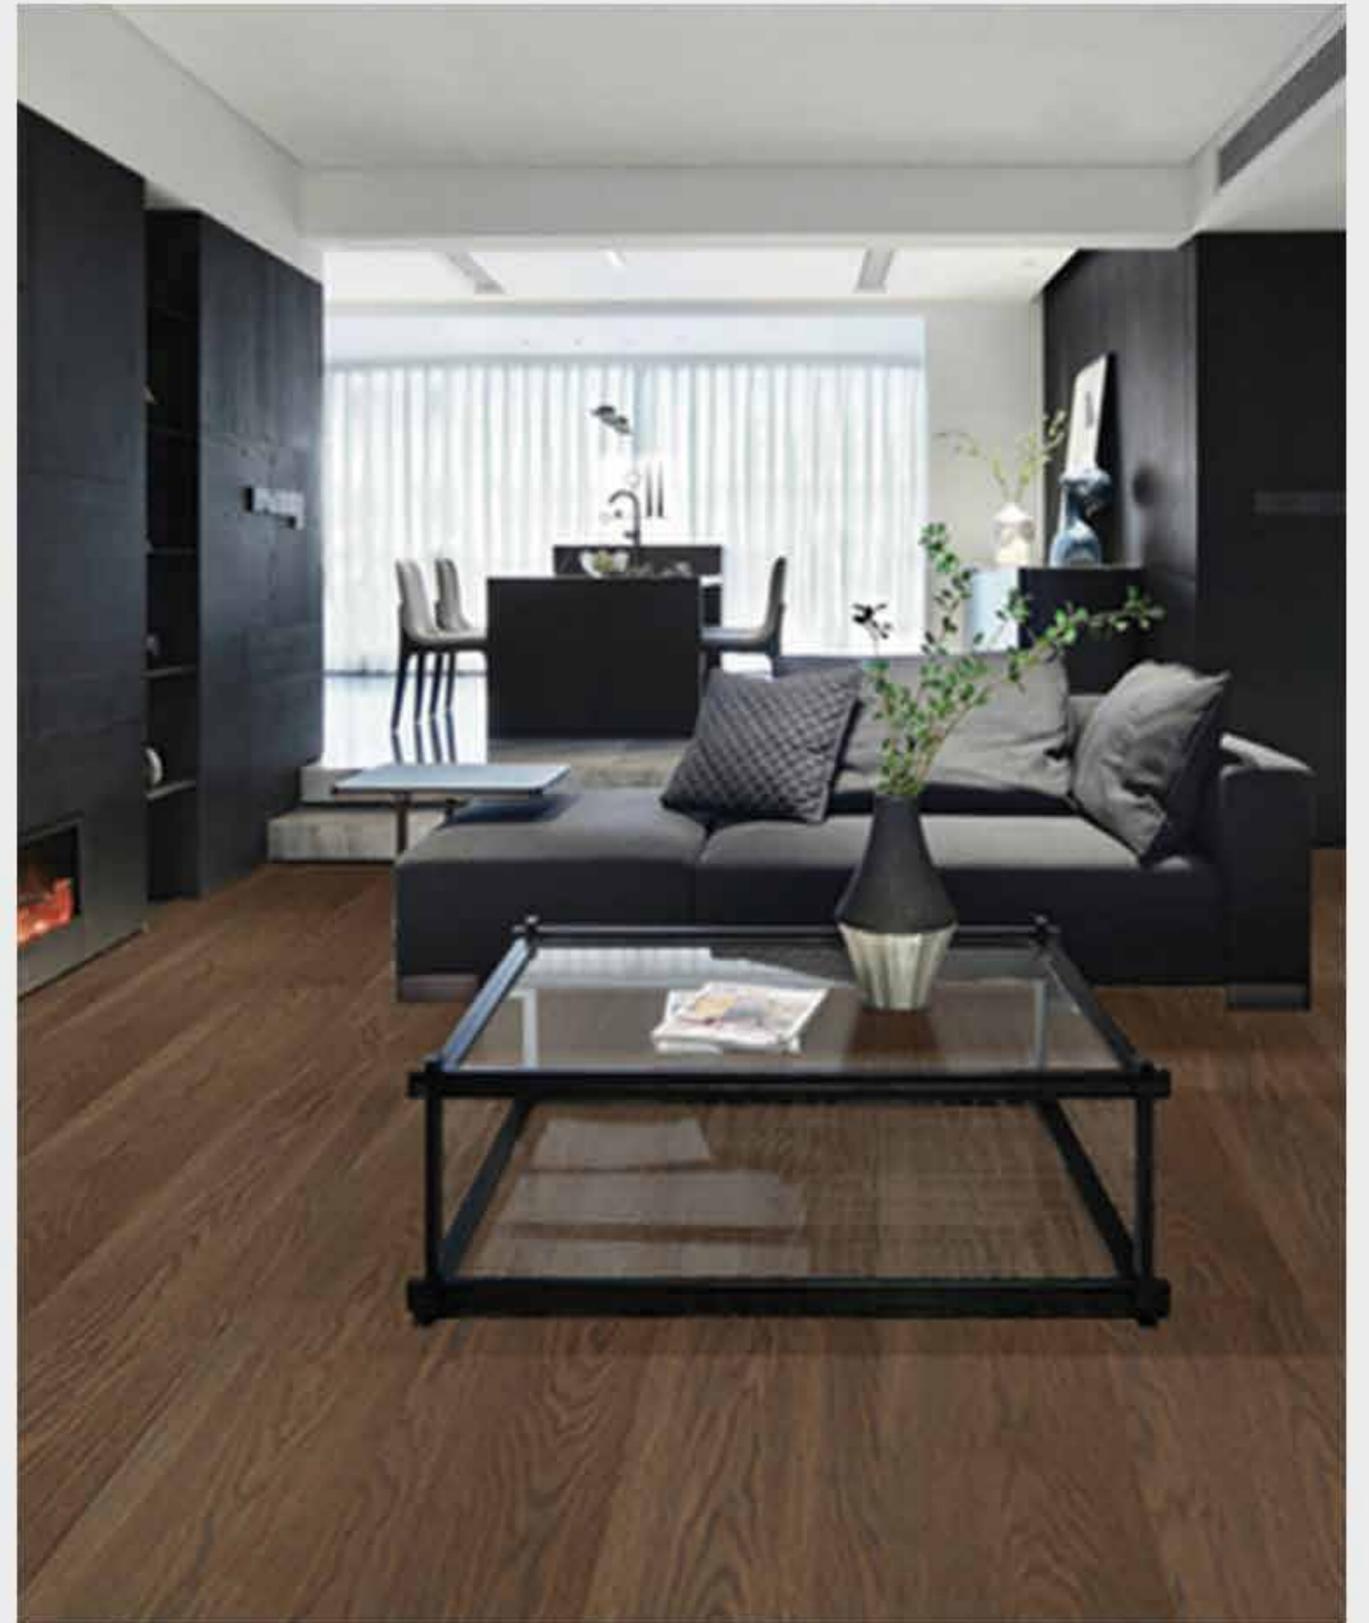

COUNTRY BROWN

Plank Size: 1216×170×8 mm

Qty per Box: 22.32

Plank per Box: 10

Specification: Black HDF | AC5 | V-Groove |
EIR Finish | Wax Quoted |
Aqua Protect

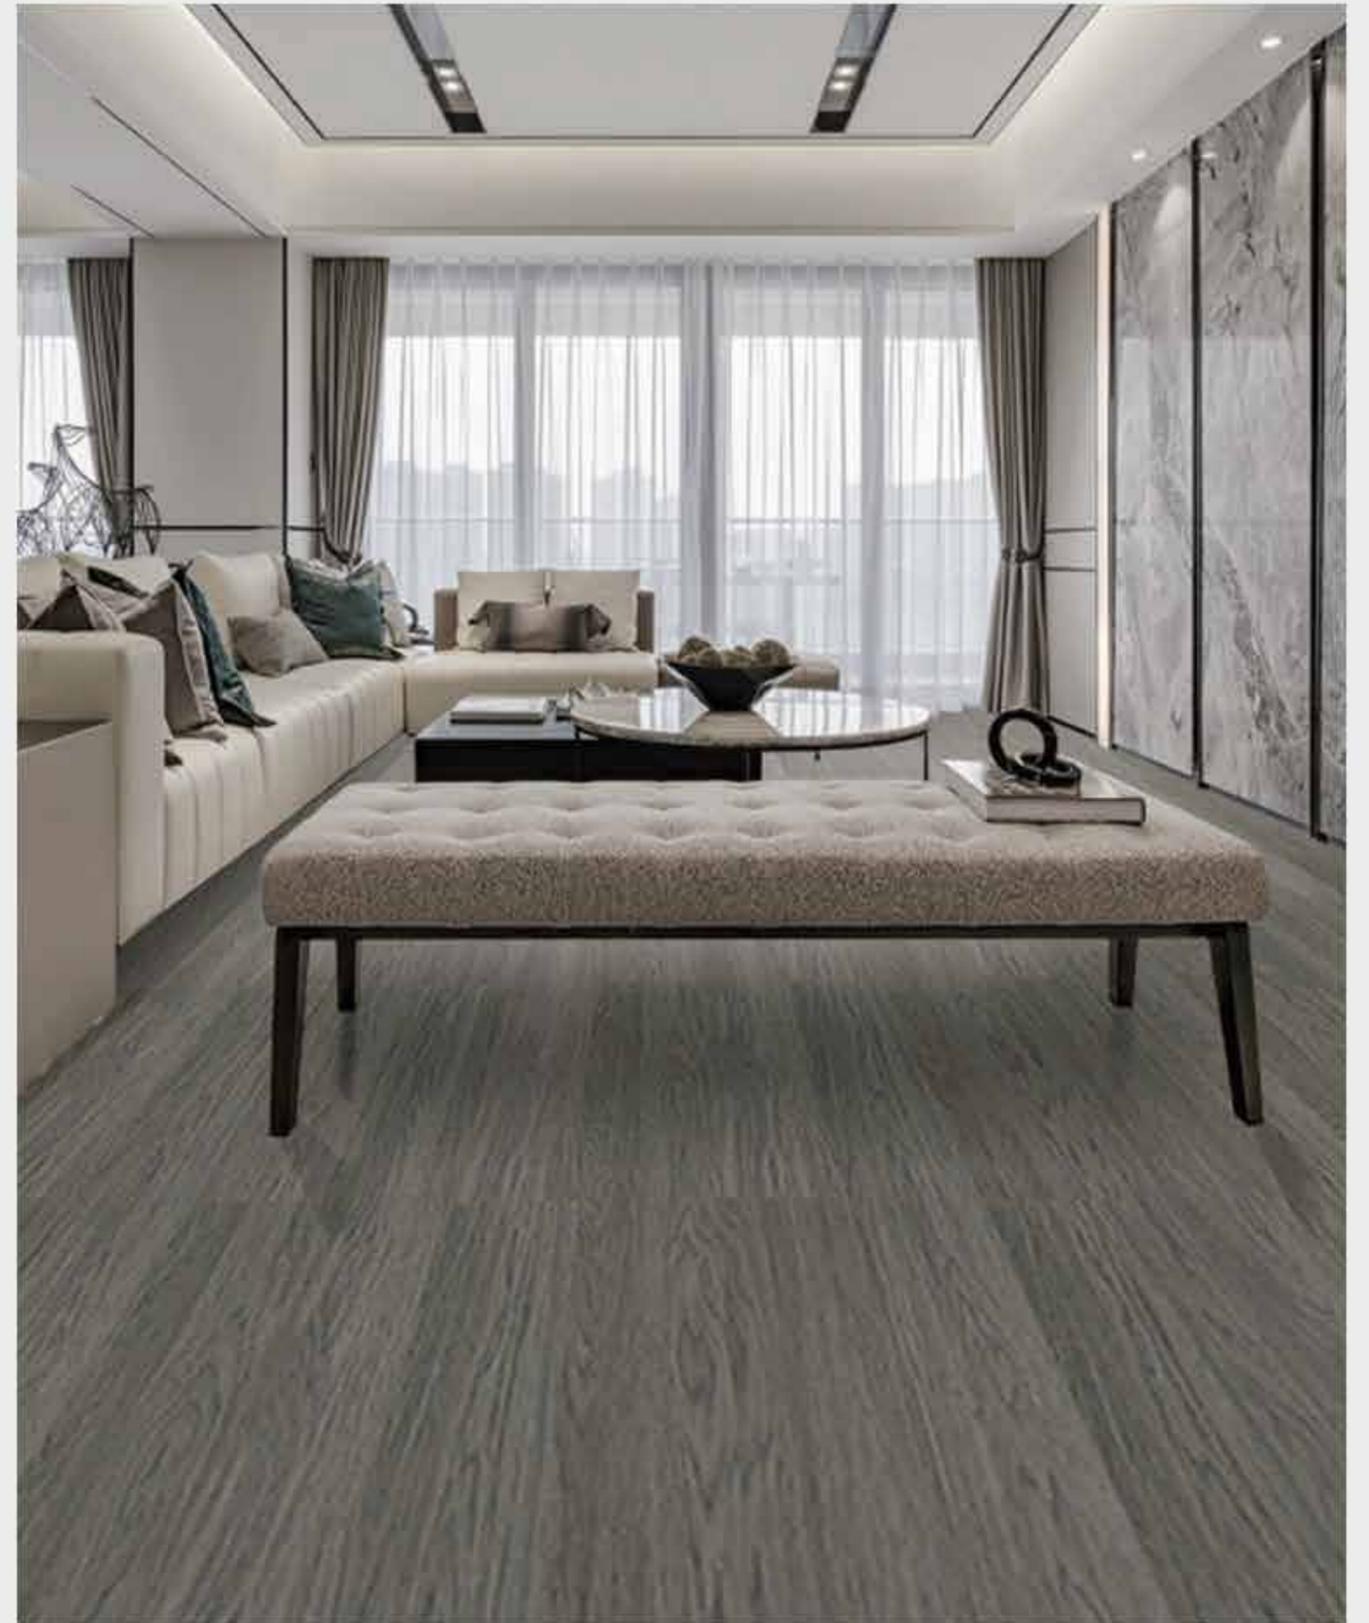

COUNTRY TAUPE

Plank Size: 1216×170×8 mm

Qty per Box: 22.32

Plank per Box: 10

Specification: Black HDF | AC5 | V-Groove |
EIR Finish | Wax Quoted |
Aqua Protect

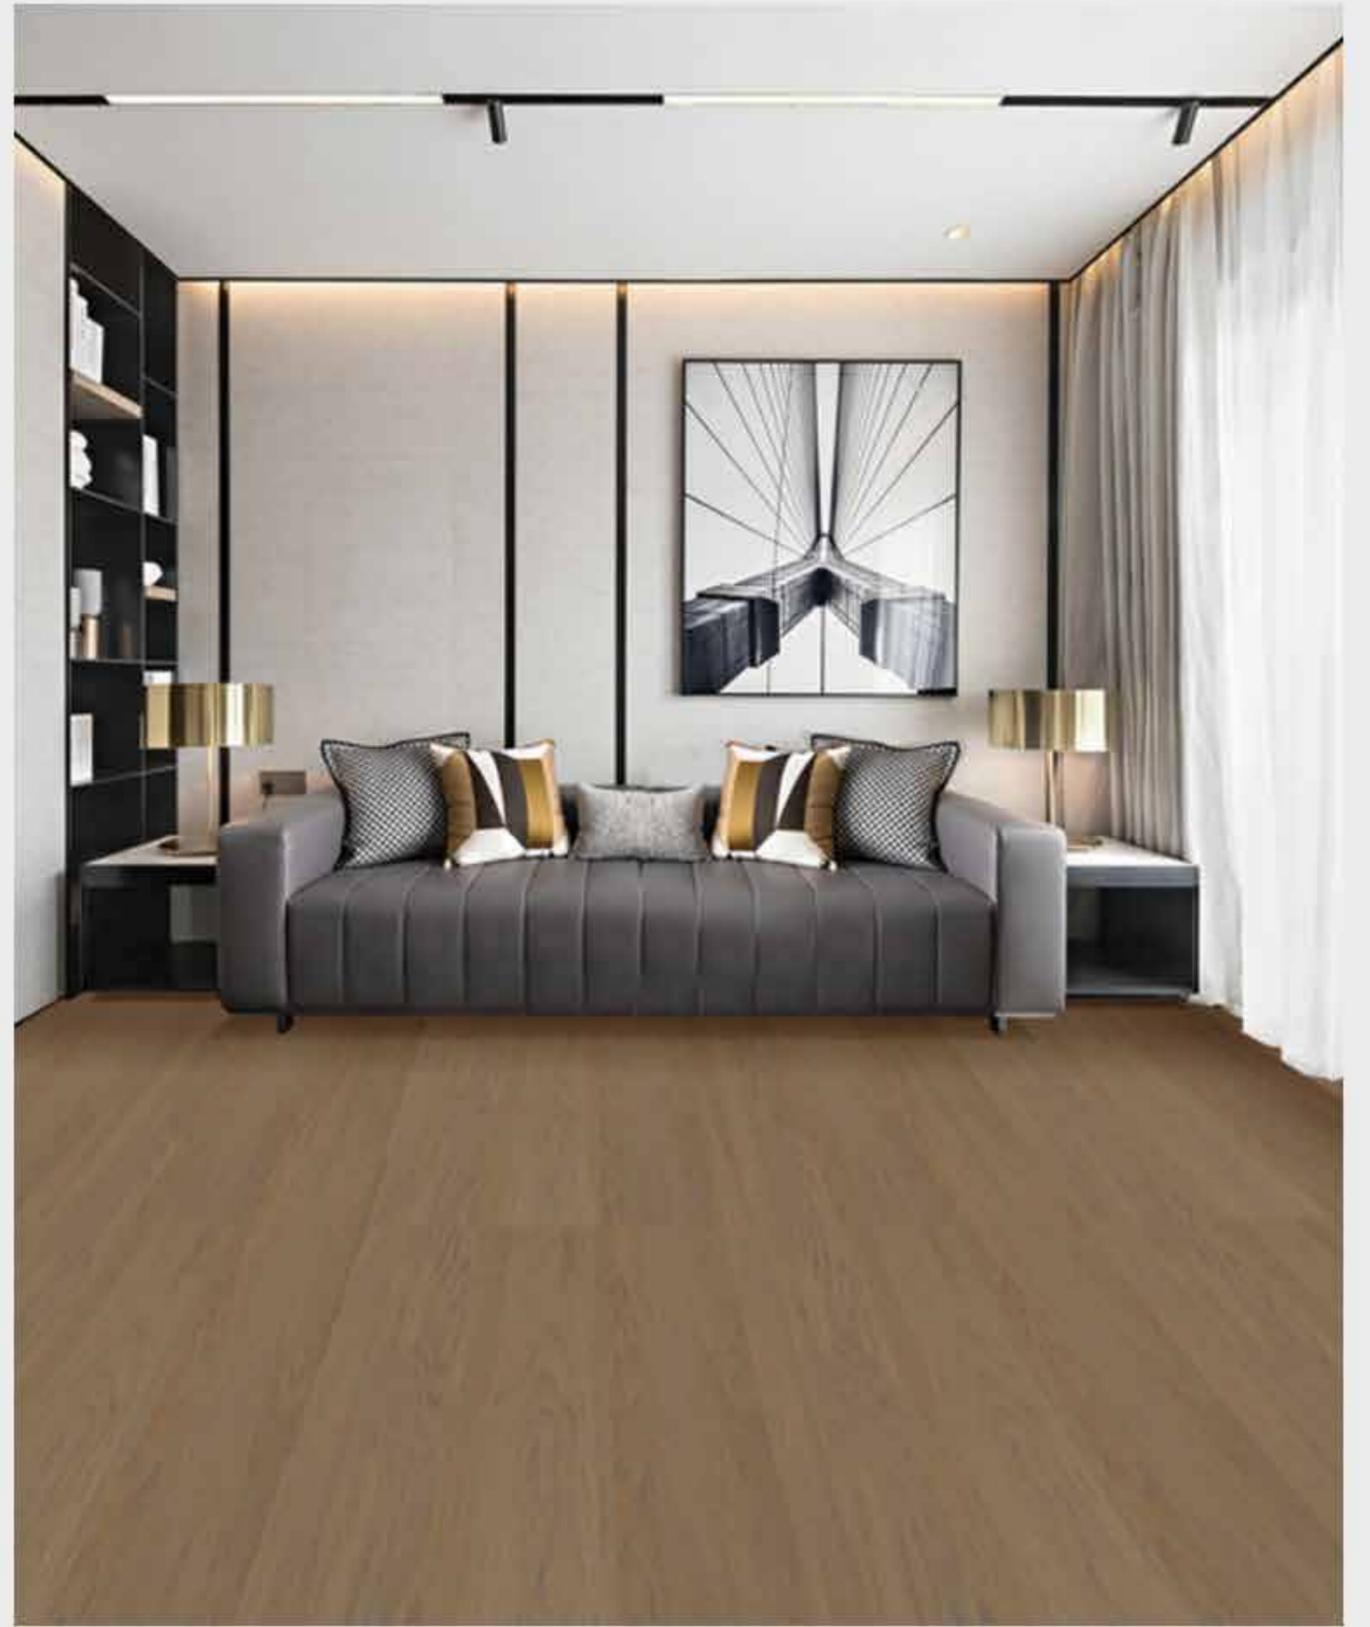

COUNTRY MOKKA

Plank Size: 1216×170×8 mm

Qty per Box: 22.32

Plank per Box: 10

Specification: Black HDF | AC5 | V-Groove |
EIR Finish | Wax Quoted |
Aqua Protect

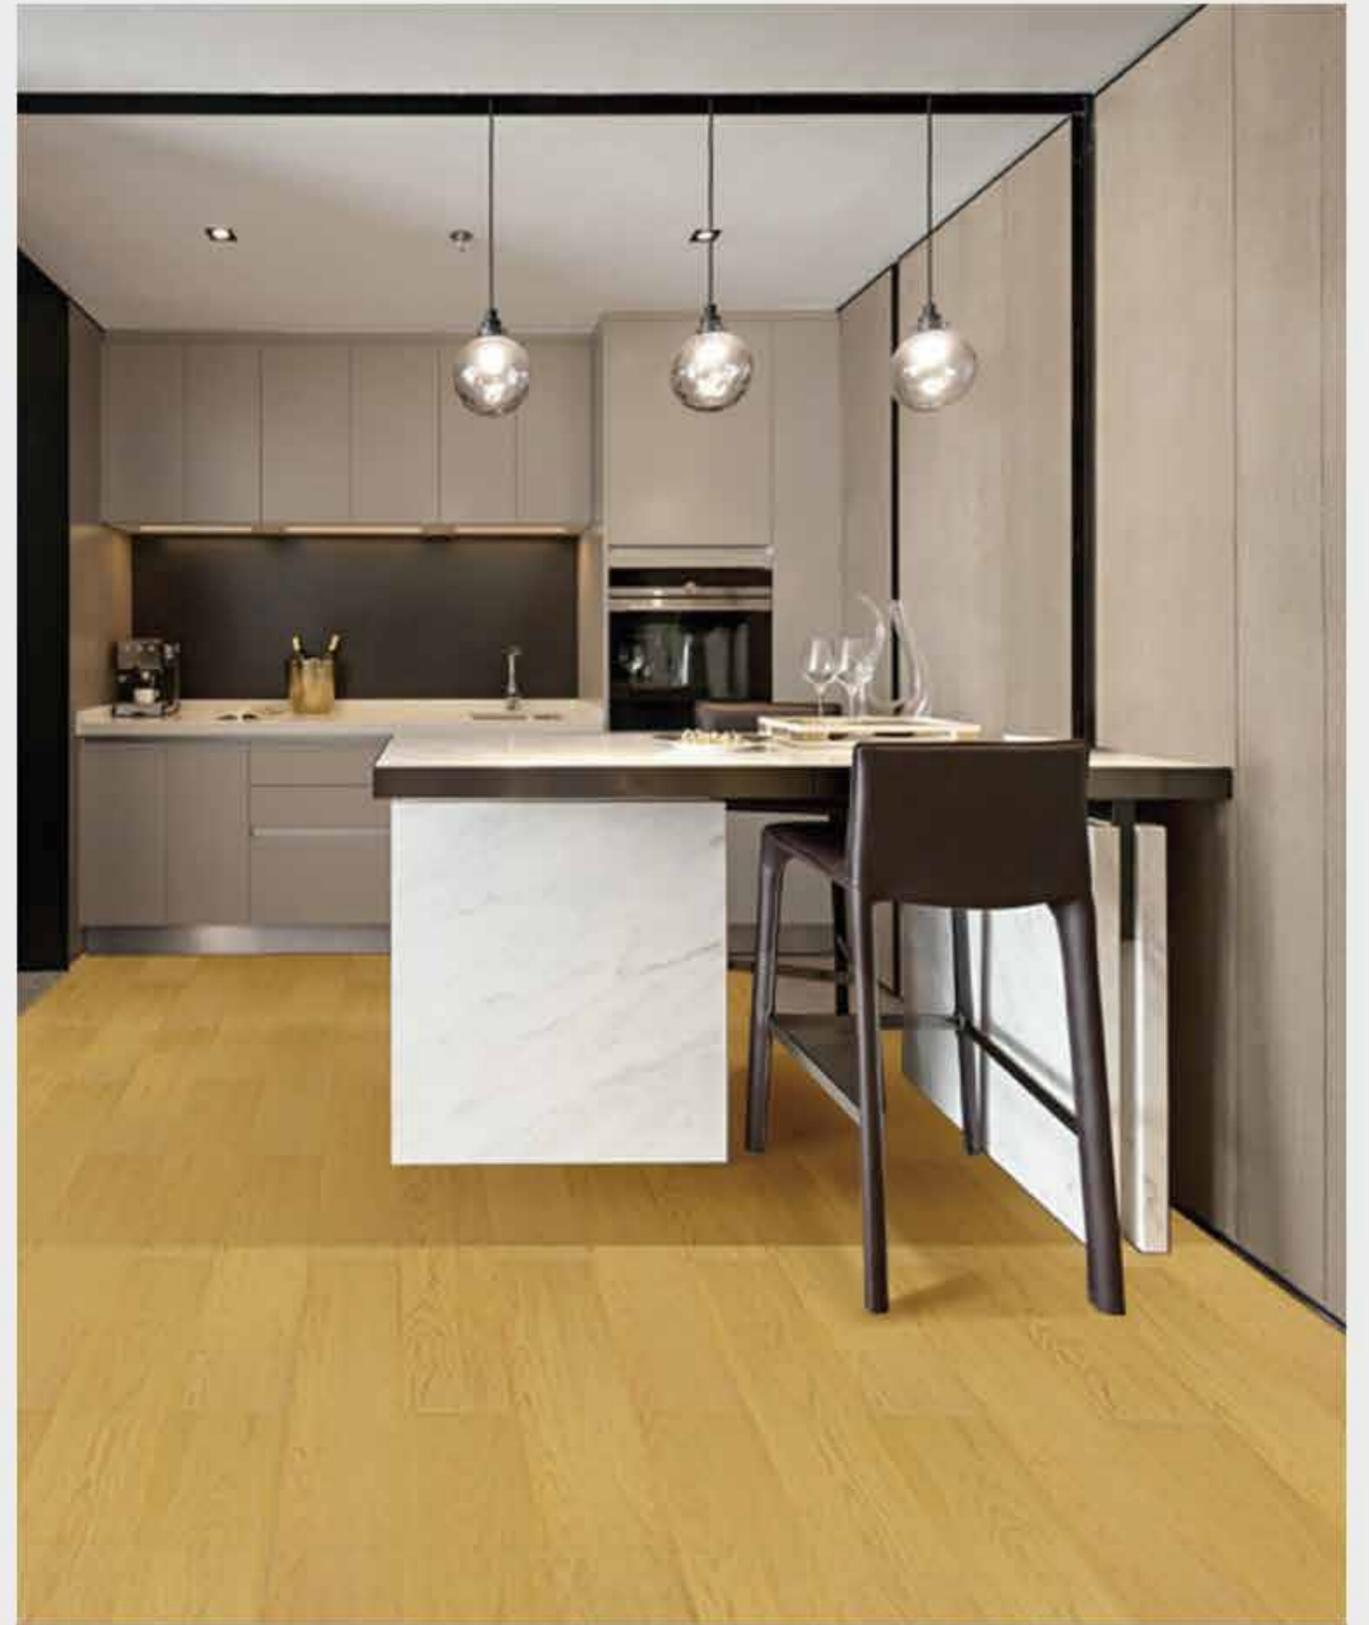

ELITE HONEY

Plank Size: 1216×170×8 mm

Qty per Box: 22.32

Plank per Box: 10

Specification: Black HDF | AC5 | V-Groove |
EIR Finish | Wax Quoted |
Aqua Protect

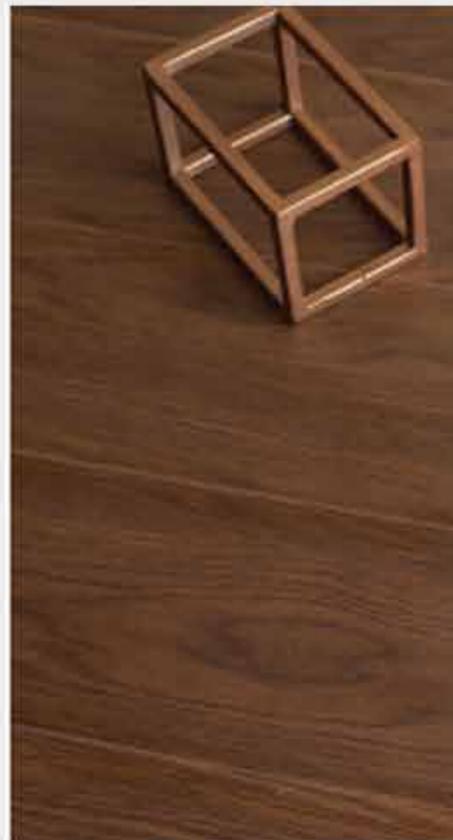

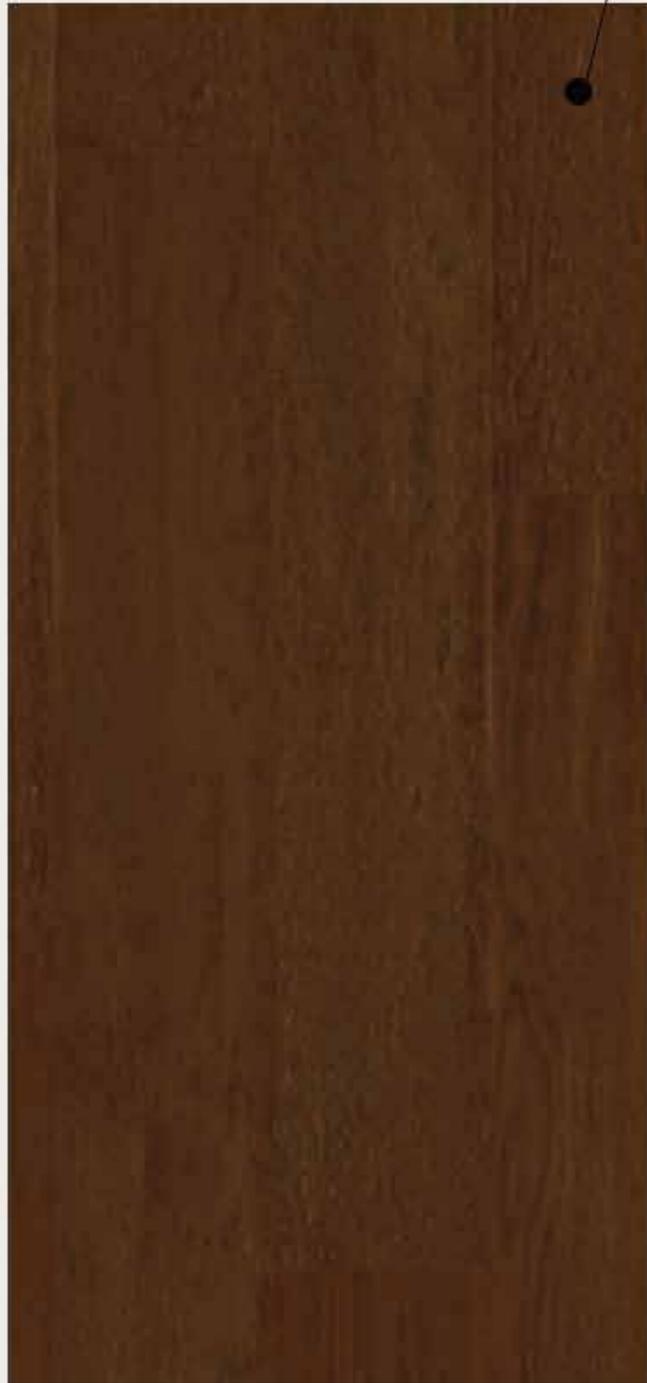

ELITE DARK BROWN

Plank Size: 1216×170×8 mm

Qty per Box: 22.32

Plank per Box: 10

Specification: Black HDF | AC5 | V-Groove |
EIR Finish | Wax Quoted |
Aqua Protect

TECHNICAL FEATURES & PERFORMANCE

4inLook texture for one-stop beauty

Painted Bevel for real wood looking

Large install without transition

Dimensional stability makes it possible to be installed over 6,000 sf without transition.

A breakthrough of stability

With an innovative black HDF core whose swelling rate is lower than 10% and density is higher than 900kgs/m³, LoSwell product enjoys much higher resistance against water and is 60% more stable than standard laminate flooring.

OTHER FEATURES

GEO THERMAL

SCRATCH-RESISTANT

FIRE-RESISTANT

SIMPLICLEAN

GRADE : AC 5

LIP RESISTANT

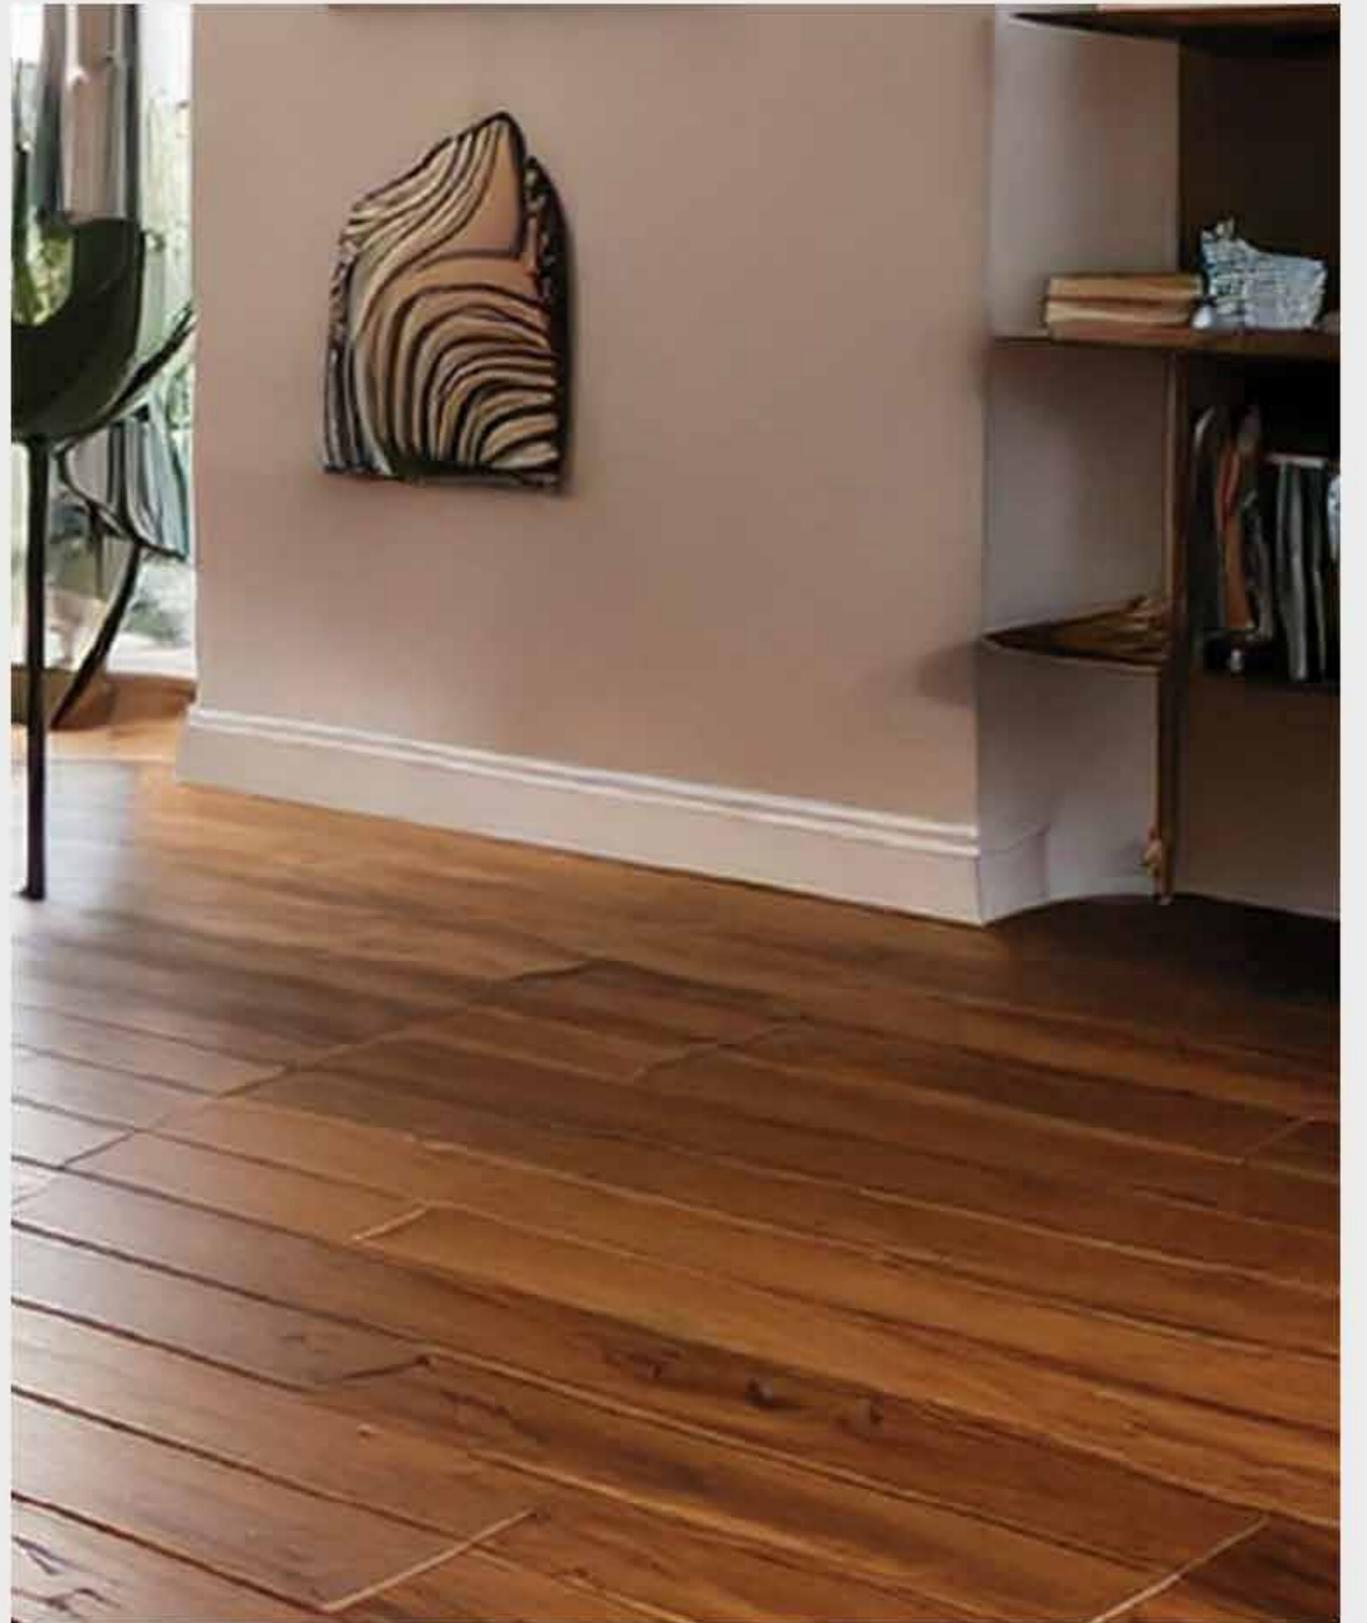

STAINPROOF

DENTPROOF

STYLISH

PRODUCT STRUCTURE

Wear layer

- protects the floor and prevents fading
- helps the floor withstand daily use
- creates an easy to clean and stain resistant surface

Decorative Layer

- gives the floor a wood like appearance and characteristic
- strengthens the floor

Substrate Layer

- the inner core offers additional protection
- made from ultra-durable high density fibre board for strength and stability

Backing Layer

- strengthens the board
- water resistant
- provides stability to the laminate
- decreases the chances of the laminate deforming or bowing
